

## Grading Policies: Mr. Golub's Class

The following outlines the grading system used in the fifth grade:

A+ (98-100)	B+ (87-89)	C+ (77-79)	D (65-69)
A (93-97)	B (83-86)	C (73-76)	U (Unsatisfactory)
A- (90-92)	B- (80-82)	C- (70-72)	I (Incomplete)

Science Grades will be weighted (**in general and subject to change**) as follows:

**About 60%** mostly tests / some projects

**About 40%** combined: lab experiments / mostly class work / class participation / some homework / some quizzes

- Students will have to make up an incomplete assignment by the next day to receive a **70%**. Otherwise, the grade remains a **zero**.
- If student does not make up work **three times** (and receives three **0's**), a call home will be made to alert parent(s)/guardian(s) of the situation.
  - ✓ In order to be **temporarily excused** from any assignment or test (on short notice) for "extenuating circumstances," a parent/guardian must send a brief email or note in with their child.
  - ✓ Tests will be sent home to be signed and returned on a regular basis  
**Parents: please make sure that your child is delivering their tests to you** (to get signed and returned to me) **about every couple of weeks** (in order to keep informed about their general performance for the marking period).
  - ✓ As a fifth grader it is **your responsibility to always ask me for help way in advance of any major test** (not the day before).

**PLEASE KEEP THIS TOP PORTION FOR YOUR RECORDS**

*cut here* - - - - -

Please sign below when you have reviewed the grading and homework policies. I would also appreciate it if your child would **cut out and return this bottom section** of the letter to me (as soon as possible). Thank you.
